

MODULAR GENIUS

SMART BUILDING

Business/Dormitory

Private College – Elizabethtown, PA

[CHALLENGE]

A Pennsylvania College needed additional dormitories to relieve over-crowding for the second half of the school year. The College needed to install rooms during the students' winter break.

[SOLUTION]

Modular Genius, Inc. selected 4 duplex in-stock dormitories from its available inventory and installed the cottages in 3 weeks from the time of order. The students moved into the rooms and the college was able to keep up with the overcrowding without issue.
