

Temporary Office & Classroom Space - MD

[CHALLENGE]

The United States Marine's were about to start a major transition pertaining to their Officer Candidate School. Their plans were to rebuild a larger, permanent building, but in the mean time they needed some additional office spaces and classrooms.

[SOLUTION]

Modular Genius built this customer a 60' x 80', 4,800 square feet, building. This building included additional office space along with the needed classrooms for the officer candidates. Modular Genius also completed all the steps, decks, and ramps that were required for this job as well.
